Required documentation

The Board may contact you to request documentation in relation to your assessment for eligibility as a specialist. If your application has been previously assessed by the Advisory Committee on the Registration of Veterinary Specialists (ACRVS) of the Australasian Veterinary Boards Council (AVBC) the Board will request this documentation from the AVBC.

If not part of any previous application for registration in NSW, you will however be required to submit a Letter of Professional or Good Standing from your most recent Australasian veterinary registration or licensing authority confirming your specialist registration. The Board will also require the original assessment documentation from the AVBC or other appropriate authority which recommended your registration as a specialist.
