

Are your animals fit for transport?

An animal is NOT fit for transport if it is:

- not strong enough to undertake the journey
- unable to walk on its own by bearing weight on all legs
- emaciated, weak or visibly dehydrated
- suffering from visible distress or injury or disease
- blind in both eyes
- in late pregnancy

If in doubt - leave it out!

It is an offence in NSW to load animals that are not fit for the intended journey.
PENALTIES APPLY.

For further information please refer to the NSW Prevention of Cruelty to Animals (Land Transport of Livestock) Standards 2013 No 2 on the NSW Department of Primary Industries website, and the MLA guide, "Is the animal fit to load" available at www.mla.com.au
